

THE SOUNDBOOTH

Our prefabricated, demountable SoundBooth is designed and tested by an industry leading acoustic engineer. The booth is designed to provide light, medium, or heavy sound reduction, depending on the intended use. The booth's acoustic absorption can be tailored to meet your needs, from no treatment for reverb lovers to full coverage for crisp voice recording.

SOUND REDUCTION OPTIONS

Standard/Rw33 for vocals and acoustic instruments

Medium Duty/Rw40 for amplified music without distraction

Heavy Duty Rw52 for isolated recording purposes or amplified instruments. Perfect for drummers!!

STANDARD INCLUSIONS

Single sound-rated door with acoustic seals

Internal, wall mounted light fitting and switch

Double power outlet
